## **Abstract**

Walter Shewhart was the pioneer and visionary of modern quality control. 90 years ago, Shewhart introduced the first control chart, which launched statistical process control and quality improvement. This moment is considered as the birthday of the modern quality. This paper analyses some important moments of the scientific activity of this great quality guru, during an exemplary life devoted to quality

**Keywords:** Quality, Modern quality, Quality control, Quality improvement, Walter Shewhart, SPC.
